2. REGISTRATION

To get rid of the restriction of Trial Version, you need to obtain a license and register your ChequePrinting.Net copy. To register the ChequePrinting.Net,

(1) Go to menu "Help > Register", registration window is shown out.

The screenshot shows a dialog box titled "License Information" with a close button (X) in the top right corner. The text inside the dialog reads: "Please note that License Id and Owner are case sensitive and ensure your Internet connection for registration. (To avoid typos, you can use CTRL+C and CTRL+V for copy and paste.)". Below this text are four input fields: "License Id" (empty), "Owner" (empty), "Key" (containing the text "fXgAjBK6elfa1t8GSQCBFzei2Sylewxa|5"), and "Disk Id" (a dark gray shaded area). At the bottom of the dialog are two buttons: "OK" with a blue checkmark icon and "Cancel" with a red X icon.

(2) Fill in the "License Id" and "Owner" information and click "OK" to register. Please ensure the Internet connection when registration is in process. The License Information can be found in the CD/Licenseld.txt or in the email about license information.

Note:

If firewall is setup and block the connection of registration, the registration cannot be completed. In this case, you need to send the "License Id", "Owner" and "Key" information to technical support.

A "Disk Id" will send back, and you can fill in the "Disk Id" directly without connecting to the ChequePrinting.Net server for register.
